

THE GIFT OF MEMORIES

**Mixed Media collage workshop
Saturday, April 26, from 10am - 5pm**

Ready for a day of play, exploration and community. We will create several small pieces of art with a family photo or photos that have special meaning for you. You can use current photos or photos of long departed relatives. I find that with each passing year I become increasingly curious about the lives of my ancestors. When relatives pass away, gone is the oral history of our lineage. In our scrapbook pages, our journals and our art we are documenting history, giving prominence to the present moment and allowing stories of family and friends to transcend time. And in a magical way we are documenting our own history, too...so let's do this!!!

WHAT WILL WE BE DOING?

Saturday we will begin our day with demonstrations of different methods of gluing, tips on design layout, how to let your instincts guide your art, how to incorporate your photos in mixed media and much more. There will be a demonstration for Gelli printing and then you'll be making some...they are so fun.

WHAT WE WILL SUPPLY:

All supplies are included. We will take a lunch break and enjoy our meal and each other's company poolside. Lunch is included in the price.

WHAT YOU WILL NEED TO BRING:

Bring photos you want to use. I can copy the photos so you won't be using your original. If you have any favorite family mementos...buttons, scraps of paper, lace...bring that...and a pair of scissors. Don't worry if you don't have anything to bring...I have tons of photos and we can make beautiful art with them.
