

THE MAGIC OF MIXED MEDIA COLLAGE WORKSHOP

WILD WOMAN MEMORY KEEPER

Sunday, January 26, from 10am - 5pm
Whimzyland - 1206 Third Street N - Safety Harbor
Sponsored by Safety Harbor Art and Music Center

At the workshop, each artist will be given a wood shape that will be collaged and she will become your Wild Woman Memory Keeper (as shown in the above middle picture). You'll receive an email about special items you might want to bring to adorn your Memory Keeper. Our Memory Keepers become a visual representation of what we want to manifest in our lives and what feeds our souls.

WHAT WILL WE BE DOING?

Sunday we will begin our day with demonstrations of different methods of gluing, tips on design, ways to unify your work with aging and paint methods, how to let your instincts guide your art, how to incorporate your photos in mixed media and much more. We'll play, exploration and have fun.

WHAT WE WILL SUPPLY:

All supplies are included. We will take a lunch break and eat at a local restaurant. Lunch is not included in the price.

WHAT YOU WILL NEED TO BRING:

If you have any favorite paint colors or collage papers you can bring them along with any objects you might want to incorporate in your Memory Keeper. Also, you might want to bring photocopies of old or new photographs. Wear clothes that you don't mind getting funky.
